

Thank you Hackathon organizers!

Project Neo

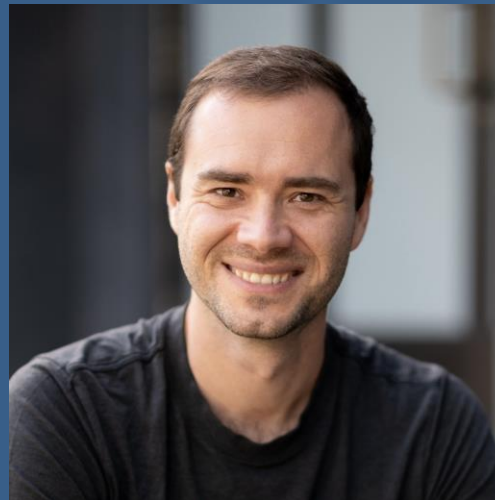

AI-POWERED AUTOMATED EVENT- ROUTING AND RESPONSE SYSTEM

Randy Zhang, PhD, Principal Architect, Cisco Systems
Baiyi Zhang, MEng, Graduate Student, Virginia Tech

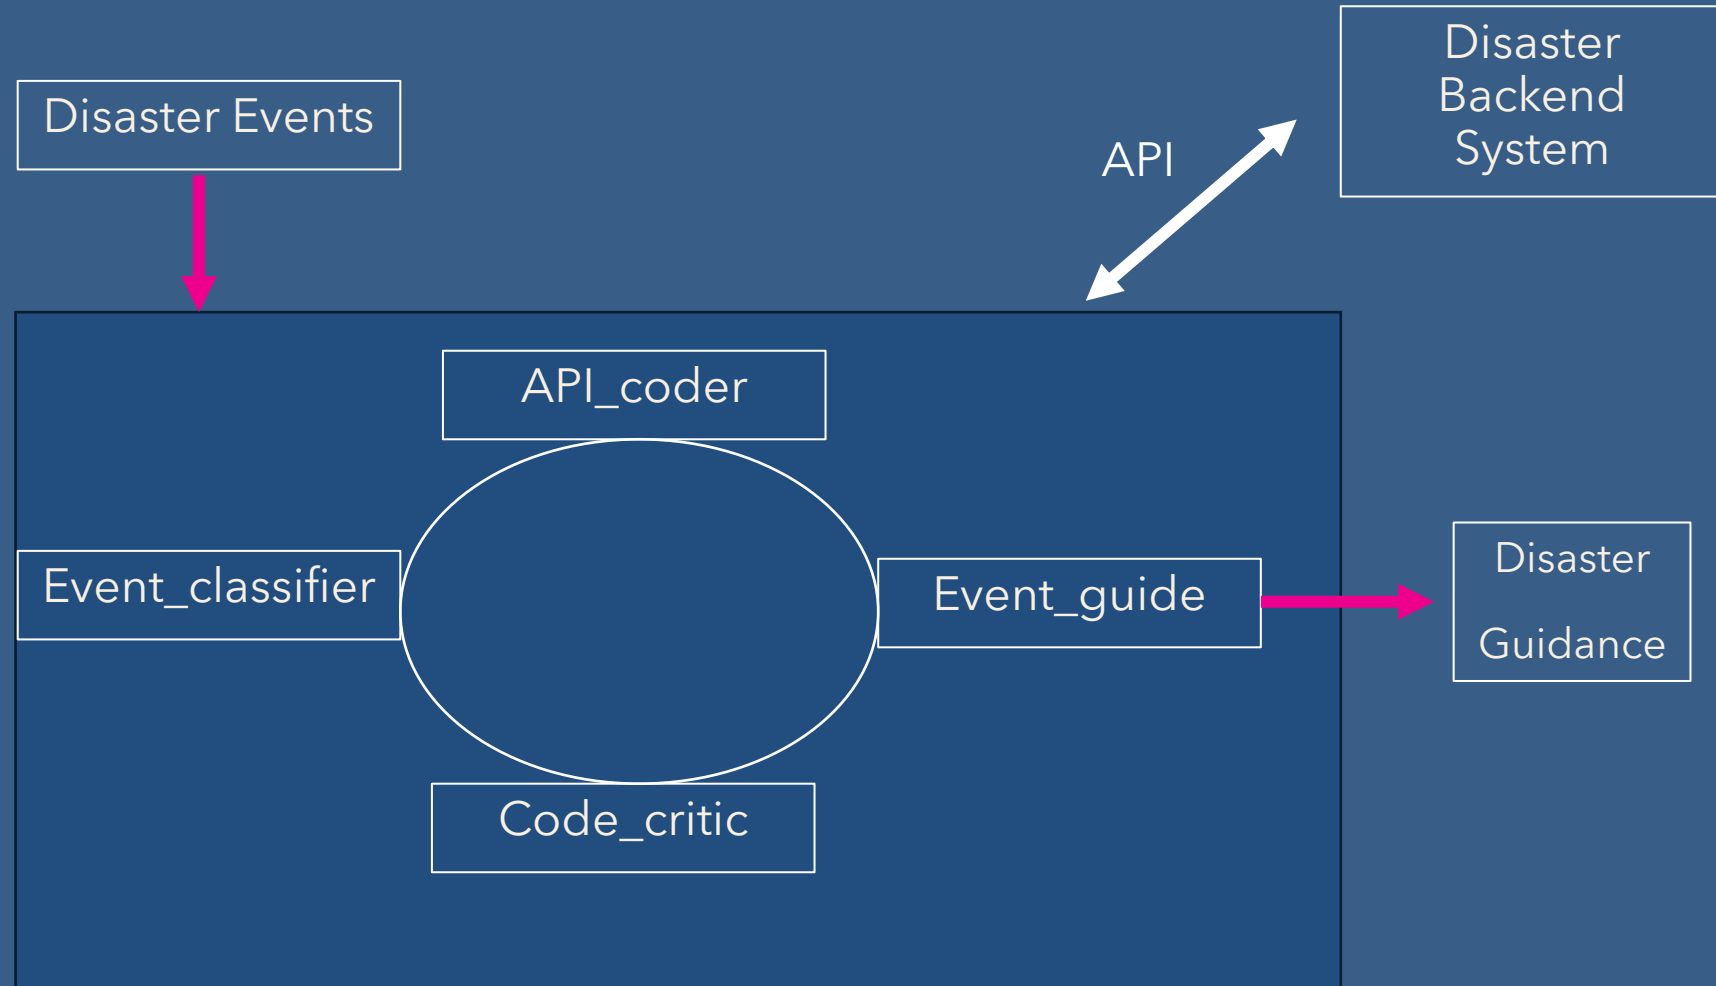

STARTING QUOTE

The hottest new programming language is English.

Andrej Karpathy
co-founder of OpenAI

AI Agents: Help with disaster recovery messaging!

Potential Future Work

- Beef up the backend system with RAG to provide local domain knowledge, eg location coordinates, floor plan, flooding plane, evacuation routes, emergence exits
- A complete graphical user interface
- Mobile app front end
